The kind -of-weekly Dose of Business Badassery

Craziness With the WeBuildEmpires.org - sorry!

I'm no hacker.

But they are out there.

And when they're not trying to get into porn sites, arguing over the best Captain Kirk or playing Warcraft...

They're Mess ing With You

At least some of them.

So our site had a few issues, it was shut down and it looks like some of the accounts/comments were deleted.

Okay maybe all of them were

But we had some Badass people who came in and turned things around - pronto - Thank s!

We should be back up and at 'em.

The Silver Lining?

You GET to create NEW accounts.

You GET to make BETTER comments.

You know how people often wish for another chance?

This is yours!

Seriously though, I had no idea how many people were so crazy about th ese Injections -

So...

I'll make sure they a re a priority moving forward.

And just wait 'til you see the new Episodes... you're going to love them.

... Hopefully.

Also, my elbow has been acting up again - THANKS to all the stretching suggestions - I did g et a little lazy with, BUT NO MORE.

Stretching REALLY helps

It makes a big difference.

So does being awesome.

Oh - and...

Yes, new Builders will be accepted but in a different way from now on, the details are here:

www.WeBuildEmpires.com

This'll make our community even better (if that's even possible ...) and I really look forward to seeing how this comes together...

As always

- LOVE to get your feedback - and the accounts/comments you make will be backed up DAIL Y from now...

Thanks for everything!
